Colours

Quiet Neutrals

12mm & 24 mm

These shades work in harmony with natural textural materials and soften industrial environments. From light to dark and cool to warm, these are the foundations of any scheme where longevity and a mood of calm is desired.

Warm Naturals

12mm & 24 mm

Combinations of lighter toned neutrals and pinks have a gently soothing and restorative effect while the more saturated hues make perfect environments for relaxation.

## Colours

Living Greens

12mm & 24 mm

From the cool greens of forests to the yellowed aspect of young wheat, we see Living Greens breathing life into indoor spaces, and an essential palette for the future. Use in tonal layers brings the depth and diversity of green, while a single note can provide an amplifying backdrop to a biophilic space.

Elemental Blues

12mm & 24 mm

These blues work perfectly both as familiar single hues and in effortless tonal layers to create an immersive environment for focus or restoration.

ARCHISONIC®
Colours

Soothing Pastels

12mm & 24 mm

With tonal duos of pink and blue
and green, this perfectly balanced
group is designed for peaceful
plays on light and shade and playful
contrast. While the lightest tones
have a dreamlike quality, their
deeper counterparts add a subtle
grounding.

Elegant Darks

12mm & 24 mm

While colour can create a mood,
it is the depth or lightness of a hue
that truly defines the emotion.
While each hue has the strength to
stand alone, beautiful effects can
be achieved with harmonized pairs.

Colours

Energetic Brights

12mm & 24 mm

There are no rules here with endless
possibilities for clashing contrasts or
surprising highlights. For a sophis-
ti-cated use of energetic colour, take
a single hue and colour match con-
trasting textiles and solid surfaces.

Primary Play

12mm & 24 mm

The primary story happens when
all three main colours are used
together, with varied proportions
creating differing moods. As with the
Energetic Brights palette, combine
with coordinating-coloured textiles
and solid surfaces.
