ARCHISONIC®
Colours

Quiet Neutrals

12mm & 24 mm

These shades work in harmony with natural textural materials and soften industrial environments. From light to dark and cool to warm, these are the foundations of any scheme where longevity and a mood of calm is desired.

Snow White **500**
Cloud **103**
Smoke **442**
Ground **108**
Charcoal **542**
Slate **444**
Raven **550**
Linen **107**
Jute **920**

Warm Naturals

12mm & 24 mm

Combinations of lighter toned neutrals and pinks have a gently soothing and restorative effect while the more saturated hues make perfect environments for relaxation.

Warm Stone **105**
Milk **404**
Shell Pink **102**
Soft Coral **516**
Terracotta **239**
Garnet **724**
Linen **107**
Jute **920**
Honeycomb **139**

ARCHISONIC®
Colours

Living Greens

12mm & 24 mm

From the cool greens of forests to the yellowed aspect of young wheat, we see Living Greens breathing life into indoor spaces, and an essential palette for the future. Use in tonal layers brings the depth and diversity of green, while a single note can provide an ampli-fying backdrop to a biophilic space.

Spearmint **706**
Succulent **712**
Moss **439**
Nordic Pine **311**
Grove **317**

Elemental Blues

12mm & 24 mm

These blues work perfectly both as familiar single hues and in effortless tonal layers to create an immersive environment for focus or resto-ration.

Ice Blue **304**
Winter Sky **410**
Marine Blue **864**
Pacific Ocean **432**
Midnight **810**
Deep Sea **918**

ARCHISONIC®
Colours

Soothing Pastels

12mm & 24 mm

With tonal duos of pink and blue and green, this perfectly balanced group is designed for peaceful plays on light and shade and playful contrast. While the lightest tones have a dreamlike quality, their deeper counterparts add a subtle grounding.

Shell Pink **102**
Soft Coral **516**
Ice Blue **304**
Winter Sky **410**
Spearmint **706**
Succulent **712**

Elegant Darks

12mm & 24 mm

While colour can create a mood, it is the depth or lightness of a hue that truly defines the emotion. While each hue has the strength to stand alone, beautiful effects can be achieved with harmonized pairs.

Garnet **724**
Marine Blue **864**
Midnight **810**
Nordic Pine **311**
Raven **550**

ARCHISONIC®
Colours

Energetic Brights

12mm & 24 mm

There are no rules here with endless possibilities for clashing contrasts or surprising highlights. For a sophisti-cated use of energetic colour, take a single hue and colour match contrasting textiles and solid surfaces.

Pacific Ocean **432**
Moss **439**
Sunshine **846**
Electric Orange **464**
Hot Pink **140**

Primary Play

12mm & 24 mm

The primary story happens when all three main colours are used together, with varied proportions creating differing moods. As with the Energetic Brights palette, combine with coordinating-coloured textiles and solid surfaces.

Snow White **500**
Charcoal **542**
Sunshine **846**
Poster Red **662**
Marine Blue **864**

Care Instructions

PET fibres do not provide a breeding ground for bacteria and other germs. The dyed-through fibres do not bleach out even when using aggressive cleaning agents and disinfectants. Alcohols, aldehydes or active chlorine can be used for cleaning.

For daily cleaning we recommend alcohol solution (75%), e.g. Pantasept. In case of contamination by dust or fluff, use feather duster or a regular vacuum cleaner. For heavy dirt, treat the material with hydrogen peroxide.

Colour fastness

Class 6

ISO 105-B02:A1

Colour and surface deviation

ARCHISONIC® is manufactured to the highest quality standards, but slight colour and surface variations caused by the high percentage of recycled fibers are an unavoidable part of the product characteristics and do not claim warranty. Please request a free sample box to verify the colours.
